# Welcome to the Premium class

Our Globetrotter XL I and XXL A models set standards in terms of spaciousness, reliability, quality and winter use. To ensure this they are handmade in special production lines by experienced employees. Quality and care that reflects our 80 years of experience in the production of leisure vehicles, and you will discover it every single day.

All models are based on the new Dethleffs Lifetime Plus technology with a completely rot-free construction - that guarantees a very high re-sale value. In addition to that a modern double floor construction ensures an optimum of winter suitability as the heated vehicle floor houses very important on-board technology and water supply installations so they are protected from frost, and at the same time the double floor provides ample storage room.

The generous living space is actually an essential feature of the Premium Class combined with luxurious equipment which meets the exclusive demand of this motorhome class.

I wish you a fascinating experiences with our motorhomes of the Premium class.

Yours,  
Alexander Leopold  
Managing Director

Handmade  
since 1931

# Lifetime Plus Body Construction

## Every Dethleffs motorhome comes with a 6-year warranty of watertightness as standard!

The rot-free construction without wooden inserts for all our models of the Premium Class has proved itself over the years and is now further improved. The name Dethleffs Lifetime Plus combines the new technology of long-lasting value stability with the most recent findings on healthy interior climate:

- + Walls, roof and underfloor are constructed entirely without cold spots or wood inserts. Instead, rigid polyurethane struts ensure a high torsional stiffness.
- + Strong GRP panels (glass-fiber reinforced plastic) on the roof and floor protect against damage from outside from hail, stones, salt water, etc.
- + An extra thick layer of high density, hydrophobic, i.e. water-repellent XPS foam ensures excellent insulation properties.
- + The 3 mm thick genuine wood panelling on the side walls and roof is both moisture-balancing and sound-absorbing.

# Winter Camping de luxe

Sparkling snow in the sun and amazing winter landscapes... you can enjoy all that in your warm and cosy motorhome! We make your individual winter fairytale come true by providing many technical solutions which are based on our 80 years' experience in manufacturing leisure vehicles.

Perfectly insulated walls, a high breathability of the materials and good ventilation provide a perfect interior climate. Furthermore we set our focus on a well thoughtout construction and innovative technology.

- + ALDE warm water heating with automatic drain valve, stop valve for the sleeping room and engine heat exchanger (2-way-principle) – see below.
- + Heated double floor for frost-proof installation of pipes and water tanks. The radiant heat also serves as the floor heating at the same time.
- + Fast windscreen defrosting via additional warm air duct of the heating in the dashboard

The ALDE warm water heating creates a cosy atmosphere just like at home. That is because it works without blowers - ideal for allergy sufferers.

The integrated heat exchanger can pre-heat the engine to reduce wear and fuel consumption. Conversely the engine heat can be used for supporting the body heating.

**EvoPoreHRC**  
COMFORT & STABILITY

# Sleeping like at home

Every motorhome of the Dethleffs Premium class come with a 7-zones EvoPoreHRC mattress. This innovative high-tech material made in Switzerland is considered as a milestone in the foam technology with unique advantages:

In combination with our ergonomic wooden slatted frames we guarantee a perfect resting comfort all night long – and all year round!

- + **Optimum supporting effect:**  
perfect anatomical support of the body
- + **Climate regulating:**  
high breathability for a pleasant and hygienical sleeping climate
- + **Climate proof:**  
first-class material stability also under the effect of heat and moisture
- + **Long-lasting:**  
optimum lying comfort also many years later
- + **Extremely light:**  
Making the bed easier than ever

**SWISS**  
INNOVATION  
INSIDE

Globetrotter XL I

# All perfect details in one

## **To have luxury also means not to economise on ideas**

The XL I A Class opens the door to the mobile luxury class. Completely revised both on the interior and on the exterior and available in two equipment lines, it offers everything for the highest demands. It unites quality and stability of the premium class with the playful lightness of modern leisure vehicle construction.

The entirely rot-proof construction of side-walls, roof and floor is complemented with lightweight furniture in trendy design. The newly developed kitchen, top-of-the-range bathroom and the cosy seating lounge with its panoramic side window are unequalled.

## **The Globetrotter XL I Plus factors**

- + AL-KO broad gauge low frame chassis
- + Ergonomic SKA Pilote seats (optional: SKA air suspension seats)
- + Large seating area with panoramic side window
- + Extra wide doors (700 mm) with electric closing mechanism and 2-point locking
- + ALDE hot water heating with heat exchanger for engine pre-heating

# *Globetrotter* XLi

Globetrotter XL I

# Dynamic comfort

Unlike almost any other luxury motorhome the Globetrotter XL I combines spacious living with design and dynamics. This sporty design language is translated by the excellent AL-KO broad-gauge low platform chassis into real driving adventure. And that's why the XL I drives just as well as it looks: sporty, dynamic and absolutely safe.

Especially on winding country roads you will be fascinated by its road handling and the minimal tendency to roll.

On the following pages we will show you all the other things the Globetrotter XL I has to offer. Welcome to the clever class of luxury.

Globetrotter XL I 7850-2 EB

# Enjoy sweet dreams

For many people, getting a good night's sleep is an important part of a wonderful holiday. Those of you who need the space while sleeping or also want to invite friends along, the XL I with its floor plan with the two large single beds is the ideal holiday companion. The single beds can be easily converted to a large double bed.

But you will not only will feel comfortable sleeping in the new XL I. Even gourmet chefs would have a lot of fun in the high-quality kitchen centre, and the large seating lounge offers enough space to enjoy a 7-course-meal in style.

+ The single beds can easily be converted to a large double bed

XL I 7850-2 EB

+ XL I 7850-2 EB | Antigua | Noce Padano: The intelligent illumination concept creates a cosy atmosphere for the evening

# Enjoy luxury even while you sleep

A bedroom fit for a king. In the huge king-size double bed, even tall people can get a good night's rest. Easily accessible from all sides, everyone can get into bed easily, and the spacious storage compartments under the bed can hold a lot of luggage.

Also the cosy seating lounge conveys a sense of space only a few people would imagine in a motorhome. The extra large bathroom and a Gourmet kitchen with modern furniture with lightweight technology complete the luxurious ambience of the XL I.

+ The spacious seating lounge invites to convivial get-together and offers much room for your guests

+ XL I 7850-2 DBM: Large double bed accessible from three sides and with a huge garage underneath

XL I 7850-2 DBM

+ **XL I 7850-2 DBM | Mioko | Noce Padano:** If desired you can opt for overhead lockers in the cab instead of a pull-down bed (option). In addition to the storage space this variant comes as standard with two big skylights which are elegantly recessed in a plinth.

Globetrotter XL I

# Freedom in sight

The XL I is also generous when it comes to the view outside: the huge windscreen combined with the standard panorama window provide a unique all-round view, flooding the seating lounge with light.

A pull-down bed is integrated at the top of the driver's cab as standard: a comfortable additional bed with a 200 x 150 cm mattress which can be easily operated per remote control.

+ The electric operation of the pull-down bed is standard.

+ The standard cab blinds darken and insulate at the same time. Electric blinds are optionally available.

+ **Burano | Noce Padano:** The high-quality real leather Burano and the overhead locker doors in a high-gloss look with aluminium trimming add that certain something to XL I (leather cushions and high-gloss overhead locker doors are optional extras)

Globetrotter XL I

# Sleeping room

**EvoPoreHRC**  
COMFORT & STABILITY

+ Electrical pull-down bed (200 x 150 cm) with the high-quality 7-zones EvoPoreHRC mattress

Do you prefer the comfort of single beds or rather the coziness of a king-size bed? The XL I offers both – according to your wishes.

Standard on board is the large, electrically adjustable pull-down bed offering two additional sleeping berths - but only when they are really needed. Normally it is almost invisibly hidden under the cab ceiling.

+ **XL I 7850-2 DBM**: Large double bed accessible from three sides and with a huge garage underneath.

## Highlights overview:

- + Two popular sleeping room layouts
- + Standard pull-down bed with electrical operation and 200 x 150 cm mattress
- + Very light, moisture and temperature regulating EvoPoreHRC mattresses
- + Ergonomic wooden slatted frames for healthy sleeping
- + Single beds with adjustable headboards
- + Clever wardrobe ideas with spacious storage compartments
- + LED night illumination in floor

Detailed information about the exclusive EvoPoreHRC mattresses can be found on page 10.

+ XL I 7850-2 EB: The single beds are equipped with adjustable head boards and can be converted to a large double bed

# Kitchen

+ Practical: Cutting board with juice groove on the back of the sink cover

+ Large fridge with separated freezer compartment and automated energy selection

With this exclusive Gourmet kitchen the Globetrotter XL I will open the world of culinary delights – important for holidays. Let's you create delicious meals with local produce speciality goods. And what you do not consume, you just take home with you, as

there is so much storage space e.g. in the voluminous drawers with Softclose function. Especially useful is the central locking which ensures an automated locking of all drawers after starting the engine.

## Highlights overview:

- + Normal household water taps and extractor fan (circulating air)
- + 190 l fridge/ freezer combination with oven is standard
- + 3-burner hob gas cooker with powerful burners
- + Large stainless steel sink sunk into working surface
- + Maxi drawers with Softclose function and electronic central locking
- + Seamless, easy-to-clean working surface, smoothly connected to the wall
- + Separate place for the coffee machine
- + Height-adjustable racks in overhead locker
- + Large drawer compartments and pull-out pantries with practical separation of food and cleaning products

+ Drawers with Softclose function and central locking

+ The fully-equipped kitchen centre offers a lot of storage space thanks to its meaningful construction and apothecary pull-outs.

# Bathroom

High-quality bathroom for holidays – a symbol for luxury. The XL I redefines that demand: With a variable bathroom with unbelievable elbow room maximum privacy.

Its secret: by positioning the special door you can connect the shower cubicle and the toilet to make a big wellness oasis.

+ Separation of sleeping room is provided by the sturdy, mirrored sliding doors.

+ Spacious shower cubicle with Plexiglass doors and rain shower

## Highlights overview:

- + Bathroom and shower cubicle which can be connected to make an en-suite bathroom
- + Large mirrored bathroom cabinet with all-around view
- + Sliding door for sleeping room, also with a mirror
- + Vanity unit with much space for bathroom accessories
- + Plenty of storage shelves
- + Chromed brackets for towels, toothbrush mug and toilet tissue
- + High-pressure water pump for shower comfort like at home

+ XLI 7850-2 DBM: Much room for undisturbed showering and getting dressed

# AddedValue

+ Thought-out illumination concept (1)

+ Illuminated entrance support handle

+ Night illumination

+ Bar compartment in entrance area

**1** Sophisticated illumination concept with different light intensities for living and sleeping rooms as per requirements of the motorhome magazines - standard indirect lighting.

**2** For hot summers: The optionally available Truma Aventa Comfort roof air conditioning comes with a power of 2400 W and efficiently cools down the interior even when the temperature is high outside. It can be operated with the Truma CP operation panel.

**3** When desired, the Jehnert Sound system with high-quality loudspeakers and Active Subwoofer can be installed in the cab and in the living room.

**4** Optimum power supply (9 x 230 V socket, 2 x USB socket, 4 x 12 V socket).

**5** Pressure water system with powerful pump and domestic style tap fittings in the kitchen.

**6** Electrical and insulating blind (option). And fast windscreen defrosting via additional warm air duct of the heating in the dashboard.

**7** Ergonomic Pilote seats with integrated 3-point inertia safety belts and divers anatomically adapted adjustments. A very new comfort dimension opens the installation of air-driven seats (s.picture). Travelling with more comfort.

## No picture:

- ALDE warm water heating creates a living atmosphere just like home because it works without blowers – ideal for allergy sufferers.

+ Truma Aventa Comfort roof air conditioning (option) (2)

+ Jehner Sound system (option) (3)

+ Mobile phone & Co: 2 USB sockets (4)

+ Stainless steel sink with high-quality water tap (5)

+ Electrical front blind (option) and windscreen defrosting (6)

+ Feels quite airy: The large Heki III skylight brings light and air into the room

+ Air-driven seats (7)

# AddedValue

+ Elegantly integrated, electrical awning (option)

+ Repair-friendly: 2-piece GRP rear (1)

+ GRP front with LED day-time-running lights (2)

+ ALKO broad gauge low platform with Tandem axle (3)

**1** Fully-insulated rear made of robust GRP which is also a two-piece part for easier repair. The LED rear lights have a virtually unlimited life.

**2** Two-piece and repair-friendly GRP front with LED day-time running lights. If desired, a very bright LED passing beam can be ordered.

**3** Secure travelling! Excellent road handling is delivered by ALKO Tandem chassis in combination with a low vehicle gravity centre.

**4** Central electric unit with second on-board battery, powerful charging device, high-quality transformer and automatic prevention of voltage peaks (option).

**5** Illumination in rear garage with LED strip over the entire width.

**6** Extra wide door (700 mm) with electrical closing aid and integrated flyscreen blind. It is particularly secure with its 2-point locking mechanism and strong lock.

**7** Perfectly accessible storage compartment in the 366 mm high and heated double floor.

### No picture:

- High payload due to a maximum possible weight increase up to 5.4 t permissible total weight (MIRO).

+ Double floor with a lot of storage space (7)

+ Victron Energy Digital MultiControl with operation panel located over the living room door (option) (4)

+ Large, LED illuminated rear garage (5)

+ Victron Energy MultiPlus charging / inverter combination (option) (4)

+ Extra wide conversion door with electrical closing aid (6)

Globetrotter XL I

# Comfort at the highest level

The XL I is available as Premium version and has a lot to offer. Most of the optional equipment features are already part of the standard specification.

In addition, there are extras that more than justify the title of "Premium". Also, the first impression of the exterior with its elaborate paintfinish fits the image of a Premium class vehicle.

# Premium advantages

## Interior

- 1 Large, opening Panorama skylight (Heki III) for living and sleeping rooms
- 5 Sun blinds (sides)

## No picture:

- Air-driven seats with extra long back rest and integrated head rests as well as different ergonomically adapted adjustments
- Sophisticated illumination concept with different light intensities for living and sleeping rooms as per requirements of the motorhome magazines
- Cab dash design with Aluminium applications
- Electrical front blind

## Exterior

- 2 Central locking by Fiat original key for cab door, conversion door and rear garage doors
- 3 Steel wheels 16" anthracite polished
- 4 Headlights with very bright LED passing beam

## No picture:

- 5.4 tones maximum authorised total weight and high payload
- Exclusive exterior design

+ Panorama skylight (1)

+ Alarm system (option)

+ Central locking (2)

+ LED dimmed headlights and LED day-time-running lights (4)

+ 16" steel wheels (3)

+ Sun blinds for the sides (5)

# Wide range of choice

Exterior design | Soft furnishing | Models

## Design & Equipment - you have the choice!

Dethleffs offers a wealth of ways to put together your individual dream motorhome. The standard design in the Globetrotter XL I is the wood décor Noce Padano with cream-coloured, easy-to-clean furniture surfaces. Alternatively, you can opt for a high-quality overhead locker doors with high-gloss wood finish and chrome trim. For both versions there are complimentary textile fabrics to choose from.

You also can furnish your individual Globetrotter XL I with high-quality real leather. The real leather Burano is a natural product of the highest quality. This breathable leather feels very noble, but fulfills the highest standards with its durability.

+ Noce Padano (standard)

+ Noce Padano high-gloss (option)

+ Antigua (standard)

+ Mioko (standard)

+ Real leather Burano (option)

### Globetrotter XL | A Class

Width	233 cm
Height	304 cm
Total length	866 cm

+ White (standard)

+ Titansilver Metallic (option)

+ Travertin Metallic (option)

+ Premium White (option)

+ Premium Titansilver Metallic (option)

+ Premium Travertin Metallic (option)

Premium equipment includes the full paint finish (front and rear) in the same colour as the sidewalls.

Globetrotter XXL A

# Unlimited luxury

The Globetrotter XXL underlines the special feature of the Premium class with its confident appearance, the exceptional size and unique shape.

The interior is also created to the highest demands: Complete winterisation with the double floor and high-quality XPS insulation as well as luxurious standard equipment.

## The Globetrotter XXL A Plus factors

- + New IVECO chassis with rear wheel drive, twin tyres and different driving assistance systems
- + Heated double floor with 356 mm height for frost-protected installation of pipes and water tanks. The radiant heat is also used as the floor heating.
- + ALDE warm water heating with heat exchanger for engine pre-heating
- + Long-lasting Lifetime Plus technology (see page 6) with 45 mm thick wall and roof construction.

# *Globetrotter*XXLA

Globetrotter XXL A

# Reliability takes shape

You need a motorhome to go through thick and thin with? Which comes with practical functions and not only with superficial design? Then the Globetrotter XXL A is just the thing for you.

That already starts with the base: The Iveco Daily chassis with twin tyres can be optionally upgraded to 7.2 t - in combination with the huge storage room the concerns of payload are now a thing of the past.

The powerful 3.0 l (Euro 5+) Common Rail Diesel engine with 125 kW/ 170 BHP (150 kW/ 205 BHP optionally available) powers it forward even with a trailer weighing up to 3.5 t.

But besides that, it knows how to impress with its excellent quality - learn more on the following pages.

# Luxury with a visionary design

When it comes to alcoves, the XXL is opening up a new world – one of maximum space and sleeping comfort. Access to the cab can be cut off with a sliding door – a real bonus in terms of privacy and camping in winter.

An increasingly popular wish from our customers is for spacious single beds. The XXL A 9000-2 meets this demand and provides a lot of freedom of movement while sleeping. The single beds can, however, be easily converted to a large double bed.

+ The cab can be separated from the living room by a wooden sliding door. Ideal to keep out the cold and the heat - as well as unbidden guests because the door can be locked as well.

+ U-shape lounge for convivial evenings: The passage way to the cab can be closed with additional cushion elements.

XXL A 9000-2

+ XXL A 9000-2 | Namib | Noce Padano: For a perfect seating comfort around the table you can easily extend the counter top

# Additional room is the requirement

## And that is realised

Ideal for a big family trip! The new XXL A 9000-2 K has got a complete children's room with two bunk beds in the rear and extra seating lounge. In addition to the bunk beds and the large overcab bed, the seating lounge in the rear hides another sleeping berth. And when you are in need of a very large bed, you can connect the seating lounge and the lower bunk bed for a gigantic sleeping area.

By the way this layout can be ordered with a double bench and two seat belts in the cab. In doing so, you not only will have enough room to sleep but also up to seven registered seats while driving.

+ With a bed size of 200 x 155 cm, sufficient headroom and high-quality 7-zones EvoPoreHRC mattress, the alcove bed is a very popular sleeping place.

+ Smart mechanism: Just pull out the lever and extend the table top and you will have enough space for a big family.

XXL A 9000-2 K

+ XXL A 9000-2 K | Solana | Noce Padano: Children's room with up to four sleeping berths. Even adults can have a restful sleep in large bunk beds (200 x 75)

# Pure comfort

## Your bathroom becomes a spa

Because of the clever layout, the XXL A 9800-2 becomes a double space saver. The bed located crossways in the rear (200 x 150 mm) creates space for a huge bathroom. The large garage under the bed offers enough space for secure transportation of your bicycles and for your bulky luggage.

And since the XXL A comes with enormous payload reserves and also can be optionally upgraded to 7.2 t, you can really use the huge storage space if you need to.

+ Large bathroom with unbeatable free space

XXL A 9800-2

+ XXL A 9800-2 | Solana | Noce Padano: The seating area and the longitudinal bench can be combined with a cushion element to form a large U-shaped seating area

# Kitchen

All those who travel with XXL do not want to surrender anything in the kitchen so you will find only high-quality components such as very large shelves with maxi-drawers and a wider pull-out for easier loading.

The soft close ensures a silent pull-in and the central lock avoids the opening during the drive.

## Highlights overview:

- + Domestic style tap fittings and extractor fan
- + 190 l fridge/ freezer combination with automated energy switch over
- + Three-burner-hob gas cooker with powerful burners
- + Maxi drawers with Softclose function and electrical central locking
- + Seamless, easy-to-clean working surface with smooth connection to the wall

+ Stainless steel sink with high-quality water tap

+ Gas stove with powerful burners

+ Practical: The cutting board with juice groove on the back of the sink cover

+ Exclusive kitchen centre with elegant chromed handles

# Bathroom

The inhabitants of a Globetrotter XXL model expect spacious and stylish sanitary rooms: In 9800 there is a fixed bathroom, and in 9000 a variable and large bathroom. Both are as wide as the vehicle itself

and so they offer enormous space. Warm water convectors of the ALDE warm water heating provide pleasant temperatures even in extreme sub-zero temperatures.

## Highlights overview:

- + Large bathroom with unbelievably much headroom
- + Various storage possibilities for bath implements
- + Wash bowl with high-gloss surfaces
- + Chromed bracket for towels, toothbrush mug and toilet tissue
- + Shower comfort such as at home with the powerful pressure water pump
- + Laundry compartment under the bed (XXL 9800-2)

+ XXL A 9800-2: Two wardrobes in large bathroom

+ XXL A 9800-2: Large bathroom with unbeatable free space

# Sleeping room

The layout variants of the XXL offer both single beds or double bed. Whatever you choose: You will enjoy excellent sleeping comfort on the high-quality EvoPoreHRC 7-zones mattresses.

You will find further information about the innovative EvoPoreHRC high-tech mattresses on page 10.

+ Relaxation: Huge bed (200 x 150 cm) and much light in Overcab area

## Highlights overview:

- + Three layout versions with interesting room solutions in the rear: single beds, double bed or children's room.
- + Very light, moisture and temperature regulating EvoPoreHRC mattresses
- + Ergonomic wooden slatted bed frames for healthy sleep
- + Clever wardrobe solutions with spacious storage compartments

+ Extremely light: The EvoPoreHRC 7-zones mattress is light and pleasant to your back

+ **XXL A 9000-2 | Noce Padano:** The high-quality 7-zones mattresses guarantee a perfect night's sleep. The single beds are easily convertible to a double bed

# AddedValue

+ Table length extension (1)

+ LED spots

+ Truma Aventa Comfort air conditioning (option) (2)

+ Large working surface and extra place for the coffee machine

**1** Smart mechanism: Just pull out the lever and extend the table top and you will have enough space for a big family.

**2** For hot summers: The optionally available Truma Aventa Comfort roof air conditioning comes with a power of 2400 W and efficiently cools down the interior even when the temperature is high outside. It can be operated with the Truma CP operation panel

**3** The ALDE warm water heating creates a cosy atmosphere just like at home because it works without blowers, the air is not swirled around – ideal for allergy sufferers. You can regulate the sleeping area and living room separately with a 3-way valve. A heat exchanger uses the engine heat for heating the living room. And conversely the engine can also be pre-heated to avoid the extra wear which results from cold starts.

**4** The cab can be separated from the living area by a sturdy wooden sliding door. Ideal to keep the cold and heat outside – and uninvited guests, because it is possible to lock it as well.

**5** When desired, the Jehnert Sound system can be installed in the cab and in the living room.

**6** Security for your valuables: theftproof safe (option).

**7** The robust entrance door is equipped with a large handle and solid 2-point-lock for more security.

+ ALDE warm water heating (3)

+ Room partition wall (4)

+ Jehner Sound system (option) (5)

+ Theftproof safe (6)

+ Robust living door (7)

# AddedValue

+ Practical gas bottle pullout

+ Store your items in double floor (1)

+ GRP covered underfloor

**1** Perfectly accessible storage compartment in the 356cm high and heated double floor – for the most layouts with fully-load possibility.

**2** Long-lasting LED rear lights

**3** Huge rear garage - ideal for transportation of bicycles or scooters. For easy loading of your holiday implements you can upgrade the A 9000-2 and A 9800-2 with a third garage door.

### No picture:

- Heated double floor for frost-protected installation of pipes and water tanks. The radiant heat is used as floor heating at the same time.

- Rear garage illumination with LED lighting strip

- New IVECO chassis with various driving assistance systems. The standard 3.0 l (Euro 5+) Common Rail diesel engine produces 125 kW/ 170 BHP (150 kW/ 205 BHP optionally available) on the road. With its high torque of max. 430 Nm (470 Nm) there will always be enough engine power even for mountain trips. It is also ideal for towing trailers weighing up to 3.5 t (taking into account the total towing weight of 10 t).

- High payload due to a maximum possible weight increase up to 7.2 t permissible total weight (MIRO) optionally available

**DAILY HI-MATIC**

+ 8-gears automatic gearbox HI-MATIC for highest demands of driving comfort and less fuel consumption at optimal performance (option)

+ Large overcab with 200 x 155 cm bed area

**IVECO**

+ Robust Iveco Daily chassis with Tandem axle and up to 7.2 t (max. authorised weight)

+ Repair-friendly rear with long-lasting LED rear lights (2)

+ Huge rear garage with third garage door (option for A 9000-2, A 9800-2) (3)

# Wide range of choice

# Perfect service ...

## **... must never be a luxury!**

All over Europe there is a close-knit dealer network. 350 trade partners and service workshops will assist you when needed.

On-site you will find modern workshops with qualified staff. Our regular workshop trainings make sure that the employees have the current know-how.

We also support our trade partners in assisting you quickly and uncomplicated. Hence Dethleffs carry over 18,000 parts in stock permanently. 93 % of the spare parts orders will be dealt within 3 working days.

## **Guarantee instead of warranty**

Your new Dethleffs motorhome comes with a comprehensive manufacturer guarantee giving you more security compared to the usual warranty.

## **6-years' water ingress warranty is standard**

Don't worry! The 6-years Dethleffs water ingress warranty\* for vehicle conversion will increase the resale value of your vehicle and give you a comforting security.

\* Provided that water ingress inspections are undertaken on a yearly basis by a Dethleffs authorised workshop.

**Many thanks for your interest in our motorhomes.**

Many other models you will find in our main motorhome brochure. Additional information can be send upon request. We kindly ask you to contact us via the phone or to order the brochures via the internet.

**Subject to change, errors excepted**

Please note that the pictures of this brochure also show alternative designs or optional fittings at extra costs. Detailed information about techniques and specifications can be found at the separated specification brochure. Colours will differ.
