WELCOME TO THE PREMIUM CLASS

Welcome to comfort without compromise!

High level of comfort is exactly what these vehicles of this class offer you. They set benchmarks with regards to space, quality and winter suitability and each one is hand produced on special production lines by experienced and well-qualified craftsmen.

Quality and accuracy are reflected with more than 80 years' experience in production of leisure vehicles; you can feel this comfort every day.

All of the models in this class are constructed with a wood-free conversion and GRP covered under-floor as standard – this contributes to a long-lasting and stable vehicle. A modern double floor construction

makes the vehicles optimal for winter use as the heated vehicle basement is perfect for protecting the on-board installations such as water pipes and at the same time giving ample storage.

A standard feature of all these vehicles is the space available combined with luxurious and exclusive equipment.

I wish you a fascinating experience with our motorhomes of the Premium Class.

Dr. Dominik Suter
Executive Director

A handwritten signature in white ink, reading "D. Suter". The signature is stylized and cursive.

Saturday morning: A quick breakfast today as the weather is perfect for a sailing trip. So William and Anna set out. Behind the steering wheel Anna has definitely got the best place.

GLOBETROTTER XL I
DEVELOPED FOR MORE LUXURY

GLOBETROTTER XL I A CLASS

TO HAVE LUXURY ALSO MEANS
NOT TO ECONOMISE ON IDEAS.

The XLI is the sportiest of the large luxury premium range. With a winterised double floor the motorhome is only 293cm high. The dynamics and a confident driving experience are ensured by the perfect combination of AL-KO low platform chassis with Tandem axle. Standard for this class of vehicle is the wood-free conversion which is covered by GRP plates on the lower part and is well-protected from any damages.

The GLOBETROTTER XL I Plus factors

- AL-KO broad gauge low platform chassis
- Perfect winterisation
- Heated double floor with 30cm of height
- Wood-free conversion with XPS insulation for sidewalls
- GRP covered under-floor
- ALDE warm water heating with heat exchanger (option) for engine pre-heating

GLOBETROTTER XL I A CLASS

STYLE AND FUNCTION IN PERFECTION

LANACA / Cypress Villa (option) - The alternative soft furnishing design combines leather-like microfibre with glossy Hightex fabric. It is dirt-resistant and very decorative

Welcome home – it doesn't matter where you are. The comfortable seat cushions with high-quality covers, illuminated glass cabinet for the good wine glasses* and the total impression of the vehicle interior makes the GLOBETROTTER XL I your home for any time of the year.

The furniture in noble wood décor "Cypress Villa" is available in combination with two different overhead locker door designs for selection – one of them with emotional LED illumination for the interior.

* not for XL I 7110-2

I 7850-2 / ESPERANZA / Cypress Villa (option) • The ingenious illumination concept will create an emotional ambience for the living room during the evening

GLOBETROTTER XL I A CLASS

THE MOST BEAUTIFUL PLACES ARE NEXT TO THE WINDOW

The standard cab blinds help darken and insulate the room at the same time

The windscreen generates a unique all-around view and makes the seating lounge full of light and air.

The cab incorporates the standard pull-down bed: A comfortable and additional sleeping berth with 200 x 150cm bed size. In addition to the lighting there are handy racks located on the underside of the bed – another storage possibility for everything you need close to you while driving.

I 7850-2/ SAIGON/ Cypress Villa • Like sitting on a veranda – that is the feeling you get with the Panoramic window (L-shaped seating lounge not possible)

190 l fridge-freezer combination – if desired, available as TEC tower with oven (fig.)

GLOBETROTTER XL I A CLASS

KITCHEN

With this exclusive kitchen centre the GLOBETROTTER XL I will open the world of culinary delights – important for holidays. Let's you create delicious meals with local produce speciality goods.

Highlights overview

- Domestic style tap fittings and extractor fan (circulating air)
- 190l fridge/ freezer combination with automated energy switch-over
- Three burner gas hob with high-power burners
- Maxi drawers with SoftClose function and electrical central locking
- Moulded GRP working surface with overflow edge and drain board
- Platform for coffee machine
- Height-adjustable lower shelves in top locker

Nothing lacking at all: fully-equipped kitchen centre (standard)

The ivory-coloured fronts are part of the optional furniture finish.

Noble optics: Wood décor combined with high-gloss surfaces of the wash bowl

GLOBETROTTER XL I A CLASS

BATHROOM

High-quality bathroom for holidays – a symbol for luxury. The XL I redefines that demand: With a variable bathroom with unbelievable elbow room maximum privacy.

Highlights overview:

- Bathroom and shower cubicle can be connected for a large room
- Large mirror cabinet
- Cupboard under the washbowl with enough space for all your requirements
- Powerful pressure water pump for shower comfort like at home

High-quality tap fittings

I 7850-2 • Much space for washing and dressing

The pull-down bed a perfect sleeping berth with 200 x 150cm bed size

I 7850-2 / Cypress Villa (option) • King-size bed: Accessible from three sides

GLOBETROTTER XL I A CLASS

SLEEPING ROOM

Do you prefer single beds, love the comfort of a Kingsize bed or would you like to have a comfortable double bed?

The XL I offer a choice of everything – just to match your wishes.

Highlights overview

- Different models with popular sleeping room layouts
- With high-quality 7 zones cold foam mattress and visco-elastic surface and 3D moisture membrane as standard
- Ergonomic wooden slatted frame for healthy sleeping

Detailed information about the sleeping comfort you will find on page 72/73.

I 7850-2 EB / Cypress Villa • The single beds can be converted to a double bed

GLOBETROTTER XL I A CLASS

PREMIUM ADVANTAGES

- 1 The flatscreen monitor can be installed behind the longitudinal bench. It is optimally located for a perfect view and when not needed it disappears behind the bench (option for XLI 7110-2).
- 2 For XL I we only install the ergonomic Aguti Pilote seats with integrated 3-point inertia safety belt. The belt integration ensures the maximum elbow room and an optimal belt position. Seat, back rest as well as upholstered and height adjustable arm rests are anatomically adapted and optimally support the body when driving a long time. You can request seat heating and lumbar support to be fitted.
- 3 Pressure water system with powerful pump and domestic style tap fittings in the kitchen.
- 4 ALDE warm water heating creates a living atmosphere just like home because it works without blowers – ideal for allergy sufferers.
- 5 Air channel and convectors of the conversion heating installed in dash quickly defrost the windscreen.
- 6 Additional storage space in intermediate floor – accessible from the living room (similar illustration).
- 7 The robust entrance door is equipped with a large handle and a hidden 2-point lock as well as a robust lock for more security.

GLOBETROTTER XL I A CLASS

PREMIUM ADVANTAGES

- 1 The XL I front is both elegant and practical. The bumper is made up of separate parts using robust LFI and can be independently changed if needed. The large circumferential windscreen offers a perfect view to the road.
- 2 Fully insulated rear made of robust GRP. It is repair friendly and easy to clean.
- 3 The engine bay is easy-to-access through a large opening. Routine servicing can be done easily: e.g. the filler tube for splash water reservoir has been shifted to the front and the oil level gauge equipped with an extension.
- 4 The complete vehicle conversion including the rear garage is free of wood for a long-lasting lifetime. For damage protection the under-floor is covered with GRP from both sides.
- 5 Perfectly accessible storage compartment in the 300mm high and heated double floor.
- 6 Secure travelling! Excellent road handling is delivered by ALKO Tandem chassis in combination with a low vehicle gravity centre (220mm lower comparison to the usual level).
- 7 Huge rear garage – ideal for transportation of bicycles or scooters or whatever you choose.

GLADIELLETTEN
XXL

GLOBETROTTER XXL A
HOLIDAYS AT THEIR BEST!

GLOBETROTTER XXL A

UNLIMITED LUXURY

The GLOBETROTTER XXL underlines the special feature of the Premium Class with its confident appearance, the exceptional size and unique shape.

The interior is also created to the highest demands: Complete winterisation with the double floor and high-quality XPS insulation as well as luxurious standard equipment.

The GLOBETROTTER XXL A Plus factors

- IVECO Daily chassis with rear wheel drive and twin tyres
- Heated double floor 356mm high
- Wood-free conversion with XPS insulation
- 45mm wall and roof construction thickness
- GRP covered under-floor

GLOBETROTTER XXL A COACHBUILT

LUXURY WITH A VISIONARY DESIGN

Exclusive Overcab finish

When it comes to alcoves, the XXL is opening up a new world – one of maximum space and sleeping comfort. Access to the cab can be cut off with a sliding door – a real bonus in terms of privacy and camping in winter.

The alcove, which is easy to reach thanks to a solid staircase with wide steps, accommodates a spacious sleeping area with plenty of headroom. Of course there is a high quality 7-zone cold foam mattress with ergonomic wooden slat bed frame. For good ventilation, the roof window and side windows open wide. Since the alcove floor can be lifted up, access to the cab is easy and convenient.

Tip:

As an alternative to the traditional dinette, an L-shaped seating arrangement can be ordered. In contrast to the dinette, only two seats can be used while driving, but the advantage is added seating comfort.

XXL A 9000-2 / Noble Acacia (option) / GHANA • For a perfect seating comfort around the table you can easily extend the counter top

GLOBETROTTER XXL A COACHBUILT

ADDITIONAL ROOM IS THE REQUIREMENT AND THAT IS REALISED.

Children's room with up to four beds. The 200 x 75 cm large bunk beds offer the best sleeping comfort even for adults

Ideal for a big family outing! The new XXL A 9000 K has a complete children's room in the rear with two bunk beds and a separate seating area. Here children have their own little realm. The lower sleeping area can be folded up for even more space to play.

And what if there are any extra overnight guests? Then you just convert the side seating into another bed. And if the maximum sleeping arrangement is required, this seating can be combined with the lower bunk bed into a gigantic lying area.

By the way, you can also order a two-seater bench in cab with two belts for this model. So you not only have lots of beds, but also seven registered seats for the journey!

XXL A 9000-2 K / Noce Padano / SOLANA • The seating area and the longitudinal bench can be combined with a cushion element to form a large U-shaped seating area

GLOBETROTTER XXL A

KITCHEN

Gas stove with powerful burners

All those who travel with XXL do not want to surrender anything in the kitchen so you will find only high-quality components such as very large shelves with maxi-drawers and a wider pull-out for easier loading. The soft close ensures a silent pull-in and the central lock avoids the opening during the drive.

Highlights overview:

- Domestic style tap fittings and extractor fan
- 190 l fridge/ freezer combination with automated energy switch over
- Three-burner-hob gas cooker with powerful burners
- Maxi drawers with SoftClose function and electrical central locking
- Moulded GRP working surface with overflow edge and drain board and a platform for coffee machine

An oven in the kitchen block or over the fridge/ freezer combination

XXL 9800 • Two wardrobes in large bathroom

GLOBETROTTER XXL A

BATHROOM

The inhabitants of a GLOBETROTTER XXL model expect spacious and stylish sanitary rooms: In 9800 there is a fixed bathroom, and in 9000 a variable and large bathroom. Both are as wide as the vehicle itself and so they offer enormous space.

Highlights overview

- Large bathroom with unbelievably much headroom
- Various storage possibilities for bath implements
- Wash bowl with high-gloss surfaces
- Shower comfort such as at home with the powerful pressure water pump
- Laundry compartment under the bed (XXL 9800-2)

XXL 9800-2 • Large bathroom with unbeatable free space

GLOBETROTTER XXL A

SLEEPING ROOM

Exclusive Overcab finish

The layout variants of the XXL offer both single beds or double bed. It does not matter which bed variant you prefer: You will have an excellent and restful sleep!

Highlights overview

- Standard with high-quality 7-zones cold foam mattresses and visco-elastic surfaces as well as 3D moisture membrane.
- Ergonomic wooden slatted frame for healthy sleep

For more details about sleeping comfort, see page 72/73.

XXL 9000-2 / Noble Acacia (option) • The high quality 7-zone cold foam mattresses guarantee a perfect night's sleep. The single beds are easily convertible to a double bed

GLOBETROTTER XXL A

PREMIUM ADVANTAGES

- 1 Power-saving LED illumination all over the vehicle (in conj. with the optional LED illumination package).
- 2 Smart mechanism: Just pull out the lever and extend the table top and you will have enough space for a big family.
- 3 ALDE warm water heating creates a living atmosphere just like home because it works without blowers – ideal for allergy sufferers
- 4 The cab can be separated from the living area by a sturdy wooden sliding door. Ideal to keep the cold and heat outside – and uninvited guests, because it is possible to lock it as well.
- 5 Coffee maker: the coffee maker stands on a raised area of the kitchen worktop so it doesn't get wet and is always ready for use.
- 6 When desired, the Jehnert Sound system can be installed for an excellent tonal sound in cab and living room (option).
- 7 Thief-proof safe for your valuables (option).
- 8 The robust entrance door is equipped with a large handle and solid 2-point-lock for more security.

Not shown:

Headroom of 207cm: Even taller people experience a feeling of spaciousness in living room

7

GLOBETROTTER XXL A

PREMIUM ADVANTAGES

- 1 The standard 3l (Euro 5) Common-Rail-Diesel engine has the power of 125kW (170BHP). Its strong engine torque of 400Nm provides enough power even for driving up-hill. Not to forget, he is an ideal towing vehicle (up to 3t).
 - 2 Fully insulated rear made of robust GRP with prominent and long-lasting LED rear lights in Boomerang design.
 - 3 Fully insulated GRP Overcab with opening windows.
 - 4 The vehicle conversion including the rear garage is free of wood for a long-lasting lifetime. For damage protection the under-floor is covered with GRP from both sides.
 - 5 For an easy change of gas bottles there is a slide-out function for the housing.
 - 6 Perfectly accessible storage compartment in the 356cm high and heated double floor – for the most layouts with fully-load possibility.
 - 7 Huge rear garage – ideal for transportation of bicycles or scooters.
- Not shown:**
- Thickness of walls, floor and roof construction is 45mm

Design & Equipment – you have the choice!

Dethleffs offers a wealth of opportunities to put together the individual vehicle of your choice. The standard décor for furniture in the Globetrotter XXL is Noce Padano, a warm wood finish, with cream coloured contrast areas. An elegant alternative to this is a wood finish in Noble Acacia. This is accompanied by overhead locker doors with LED-backlit plexiglass inlays. For both of these there are suitable matching fabrics to choose from. You can also furnish your Globetrotter XXL with a high quality genuine leather upholstery.

BENIDORM real leather (option)

The real leather BENIDORM is a natural product of the highest quality. The finest and breathable leather complies with the highest of automobile standards. Not only do you experience the soft surface feel, it is of highest wear resistance.

Premium LINE

RV DE 24

PREMIUM LINER
THE REVOLUTION OF THE LUXURY CLASS

PREMIUM LINER A CLASS

NOTICEABLY DIFFERENT

A unique combination of innovative design, perfect ambience and noble comfort are characteristics that put the PREMIUM LINER in the higher realms of the luxury class of motorhomes in the A Class category.

It is a matter of course that PREMIUM LINER blends with its agile, modern language of shapes and causes quite a stir. That is provided by the own production line for luxury motorhomes in Dethleffs factory in Isny im Allgäu.

Individual high class workmanship and modern production technology are blended at the factory to create these luxury vehicles.

PREMIUM LINER A CLASS

LIFE IS WONDERFUL

I 9910 L / Bambus "Stone" (option) / KALAHARI • Exclusive ambience

PREMIUM LINER stands for individuality – mainly your own. That is why you have the choice to create the interior of a PREMIUM LINER the way you desire. You can choose between three furniture styles and four textile or real leather upholsteries.

The technology has been exclusively created for the PREMIUM LINER:
A special air ventilation system lets the cool air of the air conditioning extensively arise draft-proof over the overhead lockers. The complete illumination of the interior is based on energy-saving LED technology. Both direct and indirect light sources create a unique ambience.

I 9910 / Cypress Villa "Ivory" / BIRMA

Noble: Massive mineral compound working surface with three-dimensional surface structure

Option: Convex kitchen centre with black working surface made of mineral compound

PREMIUM LINER A CLASS

THE KITCHEN

Taste and style were the targets of the designers of the kitchen for the PREMIUM LINER. The dark GRP working surface in stone optic sets an elegant contrast to the ivory-coloured high-gloss fronts. There is also an option for the kitchen in black with a mineral compound that can be chosen.

Highlights overview

- Moulded GRP working surface with drain possibility and special platform for your coffee machine (optionally available is the kitchen with mineral compound working surface)
- Maxi drawers with self-closing function and electrical central lock
- Domestic style water fittings and efficient extractor fan
- 190l fridge/freezer compartment with automated energy switch-over (optionally available is a Compressor fridge in stainless steel optic)
- 3-burner-hob with powerful burners
- When desired a high-quality dish washer can be fitted

Exclusive kitchen centre with elegant Chrome handles

Washbowl with mineral compound surface (option)

PREMIUM LINER A CLASS

BATHROOM

A bathroom just like home. Stylish, with high-quality equipment and ingenious construction: The bathroom and the separated shower cubicle can be connected by an appropriate door positioning to a large sanitary and dressing room with ample elbow room.

Highlights overview

- Bathroom and shower can be connected for a flexible and large sanitary room with dressing area
- Large mirror
- Many storage possibilities
- Shower comfort like at home thanks to the powerful pressure water pump, home-like water fittings and real glass doors
- Shower base made of robust GRP with central drain
- Warm water heating unit for bathroom for towels

Luxury bathroom with integrated wardrobe and separate shower cubicle

PREMIUM LINER A CLASS

SLEEPING ROOM

9950 / Bambus (option) / KALAHARI • Kingsize bed with comfortable access

Free for privacy! The sleeping and dressing area can be separated from the living area. How do you sleep the best? Both variants – single beds and King-size bed – are equipped with high-quality cold foam mattresses and ergonomic wooden slatted frames.

You can equip your sleeping room with an autarkic Multimedia system making it possible to watch other channels as in living room.

Highlights overview

- High-quality cold foam mattresses as standard
- Ergonomic wooden slatted frame for healthy sleep
- Pull-down bed with electrical operation (option)

More details about sleeping comfort you will find on page 72/73.

I 9910 / Cypress Villa "Ivory" / BIRMA • Single beds can be converted to a double bed

Front blind (1)

Multimedia package (2)

Multimedia package (2)

Real leather package (3)

PREMIUM LINER A CLASS

INTERIOR INDIVIDUAL EQUIPMENT

- 1 Electrical front blind
protects from heat and gazes! (part of the Electric package 1, 2 and 3)
- 2 Multimedia package
The Jehnert Sound system in cab and living room warrants excellent acoustics!
Also part of the package are flatscreens monitors for the living and sleeping area as well as a Twin Satellite system for receipt of different channels.
- 3 Real leather package
Cushions, steering wheel, cab dash and further components are covered with high-quality real leather.

ELECTRICS INDIVIDUAL EQUIPMENT

Everything in view: Central electric unit (pic. Electric package 3)

How autarkic would you like to be? The PREMIUM LINER is equipped with ultra-modern vehicle electrics. With the optional Electric packages you decide in favour of more independence and additional function volume. Among other things the following package components: 2nd leisure battery, more powerful charging unit, suitable inverter as well as electrically operated front blind for the Panorama windscreen.

The Electric packages 2 and 3 unify the current generation of the "VICON 2" bus energy management system with the "VICTRON" charger/ inverter module. The systems automatically use the best available power sources for charging the batteries and adjust the voltage peaks which may occur during hook up of load and this is provided by the voltage synchronisation. In addition the charging rate can be manually limited by control dial matching the local conditions.

Bus-style headlights (option)

Bus-style mirrors

High-tensile windscreen wiper system

SLEEPING IN PREMIUM CLASS

LIKE AT HOME

The excellent holiday starts with the restful night. Therefore Dethleffs attach great importance to the optimal sleeping comfort.

In the Premium Class vehicles you only will find bedding systems with ideally matched components. The exclusive 7 zones cold foam mattresses are equipped with 3D moisture membrane and a visco-elastic surface. The mattress construction by zone and with the visco-elastic surface optimally supports the body. The 3D membrane has the effect of an invisible air-conditioning for a dry and health sleeping climate. For ideal slat base we use wooden slatted frames with narrow but flexible wooden battens. The result: A perfect support of the body and a restful sleep.

* Part of the optional Wellness package for PREMIUM LINER models

THERE IS ONE THING WHICH MUST ALSO BE
A PART OF LUXURY – A PERFECT SERVICE.

Florian Pietrzak
Product Manager Premium
Motorhomes

All over Europe there is a close-knit dealer network. 330 dealers and service workshops will assist you when needed.

On-site you will find modern workshops with qualified staff. Our regular workshop trainings make sure that the employees have the current know-how.

We also support our trade partners in assisting you quickly and uncomplicated. Hence Dethleffs carry over 18,000 parts in stock permanently. 93 % of the spare parts orders will be dealt within 3 working days.

This constant level of quality is appreciated by our customers and that is shown with the “King-Customer-Awards” of the magazine REISEMOBIL INTERNATIONAL: For years we have been voted to the first or second places or been the best in the overall winners’ categories.

Guarantee instead of warranty

Your new Dethleffs motorhome comes with a comprehensive manufacturer guarantee giving you more security compared to the usual warranty.

6-years’ water ingress warranty is standard

Don’t worry! The 6-years Dethleffs water ingress warranty* for vehicle conversion will increase the resale value of your vehicle and give you a comforting security.

* provided that annual inspections are undertaken by a Dethleffs authorised workshop

FIRST CLASS HOLIDAYS

WITH THE DETHLEFFS PREMIUM CLASS MOTORHOMES

Many thanks for your interest in our Premium Class motorhomes.

Many other models you will find in our main motorhome brochure. Additional information can be sent upon request. We kindly ask you to contact us via the phone or to order the brochures via the internet.

Subject to change, errors excepted

Please note that the pictures of this brochure also show alternative designs or optional fittings at extra costs. Detailed information about techniques and specifications can be found at the separated specification brochure. Colours will differ.

Visit the exhibition centre in Isny im Allgäu, the town in which Arist Dethleffs invented the caravan in 1931.

We also offer tours of our factory. Please contact us by phone: +49 7562 987 0 or send an email to: info@dethleffs.co.uk
