

evan

dare to be different

**The evan is here!**

**The efficient, variable vehicle  
of the next generation.**

**Freedom, fun, life.  
We've put all this into  
one car.**

The world has never seen a car like the evan before.  
It wasn't designed for long-distance, nor for shopping  
trips, or as an office on wheels.

It is not a luxurious cruiser or a spartan house  
on wheels for short trips.

It is not a coach or a mobile home.

**It is the best of all possible worlds.**

And still, not every evan is the same:  
with three equipment ranges and three different  
layouts you have complete freedom of choice.  
Performance, Sport and Active are the names  
of the three lifestyle editions.

**Fun car, room wonder,  
office on wheels and  
family saloon in one car –  
is that possible? – Yes, it is!**

*Dethleffs*

BVAR

**Get-to-work car.  
Getaway car.  
The evan can do  
everything.**

**The evan plus factors\*:**

**Agile and compact – ideal for Alpine passes or town centres**

**ESP, TCS and Hill Start Assistance as standard**

**Powerful Fiat Ducato common-rail turbo-diesel (EURO 5+)**

**Low-frame chassis for super road handling**

**Easy boarding or loading due to extra large entrance and rear doors**

**Unimpeded view – thanks to panoramic windscreen**

**Pure luxury - ergonomic swivel pilot seats for driver and front passenger**

**GRP roof ensures maximum strength and durability**

**Wood-free floor – resistant to rot, stable and lasts forever**

**Full leather upholstery in the Performance edition ensures that all seats are comfortable**

\*The mentioned plus factors may be optional or a part of equipment lines.

# Suddenly routine gives way to one spontaneous idea after another

If the journey to work is used as a home office – or there's an unplanned trip to the DIY store after work, then it's guaranteed to be an evan. When it comes to day-to-day things, it is a real escape artist.

At the same time, the evan can also just be a car. It takes “parking space” literally: it offers an unbeatable wealth of storage and transportation ideas. And it does not take up more floor space than a luxury class car.\*

1. High-quality Pilote seats with leather “Impulse”
2. The bathroom converts to a cupboard – a luggage compartment in a class of its own
3. In every corner a clever idea: foldable trolley for travel accessories
4. Panorama cab – with a hidden pull-down bed at the top
5. Fits in any parking space and any narrow street
6. Smarter than the manager’s meeting room – and more versatile
7. Lashing rails turn the evan into a transporter if necessary
8. An inviting car: rear door for easy loading
9. Side entry door and front passenger door for easy access and loading

\*Side entry door and front passenger door for easy access and loading

Dethleffs

EVAN

**This car is the opposite of  
"how far to go?" and  
"are we nearly there?".**

**The evan plus factors\*:**

**Ingeniously integrated awning**

**Let the sun in: roof hood in clear-glass design**

**90 litre diesel tank – less stops for fuel**

**See without being seen – huge panorama windows with privacy black effect**

**Amazing amount of headroom when the elevating roof is put up (max. 310 cm)**

**Lots of room for living (and not for beds and furniture)**

**Maximum sleeping comfort with the built-in pull-down bed**

**Convenient: central locking for all doors with radio remote control**

**For winter evenings: insulated floor, wood-free and Webasto high-performance diesel heating**

\*For winter evenings: insulated floor, wood-free and Webasto high-performance diesel heating

# The evan inherits a tradition of travel comfort going back to 1931.

It is no surprise that a car coming from the inventors of the caravan will be an unbeatable travelling companion. In other words, your journey will be as comfortable as you would expect from Dethleffs. Or even more so.

4

If you don't need a huge kitchen or an extensive seating area, but insist on maximum freedom of movement, then the evan is just right for you – great fun on the road, and a great feeling of space.

1. Kitchen unit with practical 2-hob-cooker and integrated sink
2. Tired? The pull-down bed is ready in seconds
3. Multi-function wall-space: with built-in fridge, wardrobe and drawers
4. Shower, toilet or practical storage space – it's all possible here

5. This is what a holiday ought to look like, perfect economy of space and standard rear door (max. headroom 310 cm, with optional elevating roof)
6. Storage compartment in the floor
7. Easily accessible exterior compartment – plenty of room for boards, skis etc.

Convenient: central locking for all doors with radio remote control (not illustrated)

# evan Performance

## The ultimate evan

Perfectly formed, with all features possible.  
This evan leaves nothing to be desired.

1 2

3

4

5 6

1. XL rear door and characteristic high rear light moulding
2. Overhead locker doors in Performance styling
3. Dethleffs alloy wheels 17" anthracite silver, polished
4. The right lighting for every mood: indirect lighting with adjustable play of colours.

5. Integrated roof awning (optional)

# evan Active

**First-rate driving can be so easy**

Make no compromises when it comes to enjoying the ride – only in the price!

1 2

3

4

1. Ergonomically formed bench seat with "Imola" fabric, extra large panorama window (layout with double bench seat) and standard, extra large rear door.
2. Perfectly equipped for everyday life, travelling and camping: doors have practical bottle-holders etc.
3. Driver's step
4. even Cockpit (Radio Moniceiver (option), leather steering wheel and gear knob available in conj. with Performance equipment line)

# The short evan I 520 B is arrived!

**More compact, more agile, more car**

The I 520 B is now shorter for 40 cm but, more suitable for everyday use.

# The layouts

## Two sizes and three layouts – more reasons for your evan

### **I 520 B – for the city, country and city again.**

The compact one with 5.20 m and with a bar lounge can carry 4 persons and is the most agile among the travelling companions of the evan group.

### **I 560 D – evan for everybody.**

Just 5.60 m long and equipped with a dinette which enables the travelling with 6 passengers.

### **I 560 B – the best of all.**

4 passengers can enjoy the travelling in the evan with 5.60 m of length and a bar lounge – the space we've saved on seats was used in favour of storage compartments.
