The "Mass in running order" according to the European Regulations 92/21 EG and EN 1646-2 includes the empty vehicle weight, the driver's weight and 90% fuel capacity, filled water tank, 3 kg gas cartridge and cable reel. The term "Maximum Authorised Weight" must not be exceeded when personal items are taken into account.

The sizes and weights are approximate values. The mass in running order applies for a standard model without any optional extras. The evan technical information is valid from the 15th of August 2014. Dethleffs reserve the right to alter technical and material specifications and standard equipment at any times as material and conditions demand.

Please note: The price of Dethleffs products in various European countries will differ.
